Customer Reviews Great Product and Customer Service by MeanMug899 on 2017-07-03 I have never been more in love with an external sound card as I am with this one. I've been through one in the past that kept breaking (it was pretty old at this point), and only this one is working beautifully. Along with that, it looks great on my case too! Will definitely buy again d41b202975
